Personal Dealing & Securities Trading Policy

1. Purpose

Evolution Trustees Limited (“Evolution Trustees”) as the Responsible Entity (“RE”) for Global Data Centre Investment Fund and Global Data Centre Operations Fund (the “ASX Schemes”), and Lanrik Partners Pty Ltd (“the Investment Manager”) of the ASX Schemes (collectively: “GDC”) is committed to maintaining ethical standards in the conduct of its business activities, including where the dealing of GDC securities is involved.

The Personal Dealing & Securities Trading Policy (“the Policy”) sets out the trading policy for Directors, employees, and any employees and staff of entities associated with GDC (“Group Employees”) pursuant to the *Corporations Act 2001* (Cth) and ASX Listing Rules.

As GDC is a listed scheme, ASX Listing Rules require disclosure of all trading in GDC by the RE Board of directors. ASX listing Rule 12.9 requires GDC to have a securities trading policy that meets the minimum content requirements of Listing Rule 12.12 which includes:

- Specifying the entity’s blackout periods during which no securities trading is permitted;
- Restrictions on securities trading that apply to Group Employees;
- Any trading which is not subject to the Personal Dealing & Securities Trading Policy;
- Exceptional circumstances where Group Employees may be permitted to trade; and
- Procedures for obtaining clearance for trading.

The purpose of the Policy is to explain the types of conduct in dealing in securities that are prohibited under the Corporations Act and to establish a best practice procedure for dealing in securities that protects GDC and its personnel against the misuse or the appearance of misuse of unpublished or confidential information which could materially affect the value of GDC’s securities (**inside information**). The meaning of inside information and the restrictions on persons in possession of inside information are further described in the Policy.

If Group Employees do not understand any part of the Policy or the summary of the law, or how it applies to them, they should raise the matter with the Company Secretary before dealing with any securities covered by the Policy.

“The Board” in this policy document shall mean the board of directors (each a “Director”) of the RE (as applicable).

2. Policy Principles

Group Employees must not undertake conduct known as Insider Trading. Insider Trading is the direct or indirect buying or selling of securities while being in possession of material, price sensitive information not generally available to the market (also known as inside information).

Insider trading is a criminal offence, attracting potential fines and imprisonment. Civil penalties and the obligation to pay compensation may also be ordered against a person engaging in Insider Trading. In addition to any consequences applicable under law, Group Employees who fail to adhere to the requirements of this Securities Trading Policy may face disciplinary action, including dismissal.

Insider Trading Laws

As a public company insider trading laws cover all directors and employees (including contractors) of GDC. If Group Employees have any inside information relating to GDC, it is a criminal offence for them to:

- trade in GDC's securities;
- advise or procure another person to trade in GDC's securities; or
- pass on inside information to someone else – including colleagues, family or friends – knowing (or where they should have reasonably known) that the other person would, or would be likely to use that information to trade in, or procure someone else to trade in, GDC's securities.

This offence called "insider trading", can subject Group Employees to criminal liability including large fines and/or imprisonment, and civil liability, which may include being sued by another party or GDC, for any loss suffered as a result of illegal trading.

Additionally, insider trading can become relevant where Group Employees have access to insider information in relation to another public company. This might be information obtained because of dealings or a relationship with the other company during the course of their employment with GDC. This type of insider trading is also captured by insider trading laws and is prohibited.

Confidential Information

Related to the above, Group Employees have a duty of confidentiality to GDC. They must not reveal any confidential information concerning GDC, use that information in any way which may injure or cause loss to GDC, or use that confidential information to gain an advantage for themselves or anyone else.

3. Inside Information

Inside information is information that is not generally available; and if it were generally available, would – or would be likely to – influence investors in deciding whether to buy or sell GDC's securities.

It does not matter how Group Employees come to know the inside information (including whether they learn it in the course of carrying out their responsibilities, or passing in the corridor, or in a lift or at a dinner party).

The financial impact of the information is important, but strategic and other implications can be equally important in determining whether information is inside information. The definition of information is broad enough to include rumours, matters of supposition, intentions of a person (including GDC) and information which is not definite enough to warrant disclosure to the public.

Examples of information that may be material:

- The half-yearly or full year results.
- The financial performance of GDC against its budget forecasts.
- The financial performance of GDC against market expectations.
- A proposed alliance, joint venture or acquisition.
- A significant new proposal or development.
- Ending an existing alliance or joint venture.

- A proposed significant funding arrangement.
- A proposed capital raising.
- A proposed distribution or change in distribution policy.
- A change in capital structure, including a buy-back of Securities.
- An unexpected potential liability (eg. material litigation).
- A significant bad debt or credit loss.
- A change in the directors or a significant change in senior management.

Unpublished or not yet released to the market information is information that is not “generally available”. Information is generally available if it:

- a) is readily observable;
- b) has been made known in a way that is likely to bring it to the attention of persons who normally invest in the relevant type of securities, and a reasonable time for the information to be circulated has since passed; or
- c) consists of deductions, conclusions or inferences drawn from information that has been made known in that way or is readily observable.

Inside information need not relate only to an entity. It could also be information about a customer, or supplier of the entity, or a party with whom the entity is discussing future opportunities or negotiating a significant transaction.

4. GDC Personal Dealing & Securities Trading Policy

<p>Rule 1. When can Group Employees trade in GDC’s Securities?</p>	<p>Restriction</p> <p>Notwithstanding any other provision of the Policy, if you possess inside information, you must not buy or sell GDC’s securities, advise or get others to do so or pass on the inside information to others. This prohibition applies regardless of how you learn the information.</p> <p>You may only trade in GDC’s Securities if:</p> <ol style="list-style-type: none">a) There is no current Blackout Period, andb) You do not have material price sensitive information that has not been released to the market, andc) A trading request notice has been approved (if required under Rule 3). <p>The prohibition on insider trading is not restricted to information concerning GDC’s securities. If a person has inside information in relation to securities of another company, that person must not deal in those securities.</p> <p>Consent for trades in extraordinary circumstances</p> <p>Group Employees wishing to trade during the black-out period who consider that extraordinary circumstance apply, must obtain the consent</p>
---	--

	<p>of the Company Secretary of the RE before trading, however such consent will generally only be given for hardship cases. An example of a hardship case where consent to trade may be given is the case of a pressing financial hardship. Such trading would be subject to complying with the general law and that in particular that restriction (b) above does not apply.</p> <p>Written consent must be sought by submitting a request in the form set out in Annexure 1 to the Company Secretary.</p>
<p>Rule 2. Blackout Periods</p>	<p>In addition to the prohibitions on insider trading set out in the Corporations Act, GDC requires that Group Employees must not trade in GDC's securities during a Blackout Period.</p> <p><i>a) Automatic Blackout Periods:</i></p> <ol style="list-style-type: none">I. The period from 1 January until the commencement of trading on the next business day after the day on which the half-year results are released;II. The period from 1 July until the commencement of trading on the next business day after the day on which the full year results are released; <p><i>a) Board-imposed blackout period:</i> The Board may impose further blackout periods at any time. The Chairman of the Board has discretion to make such decisions unilaterally.</p> <p>The exceptions referred to in Rule 1 apply.</p>
<p>Rule 3. Trading Request Notice and prior approval - Key Management Personnel and other designated persons</p>	<p>Requirements before trading</p> <p>Group employees, or a person designated and informed in writing by the Company Secretary must provide a written trading request notice seeking prior approval to trade in ASX Schemes' Securities addressed to the Board (or Chairperson in respect of non-executive directors) through the Company Secretary. The trading request notice must be made in writing prior to any trading in GDC and may be in email form.</p> <p>The trading request notice should include confirmation that the individual is not in possession of unpublished material price sensitive information (see definitions below). Approval is granted at the discretion of, and on such terms and conditions as determined, and advised in writing to the applicant, by the Board. Approval may be refused at their discretion without being obliged to provide any reason and may be refused, notwithstanding that the applicant is not personally in possession of inside information.</p> <p>All trading approvals are valid for up to 5 trading days after the date of the approval notice and are conditional on the full details of the trade being promptly provided to the Company Secretary.</p> <p>No trading is permitted if, during the 5 permitted trading days, the relevant person comes into possession of material, price sensitive information or some other restriction applies.</p>

	<p>A trading approval can be withdrawn if new information comes to light or there is a change in circumstances. Any decision to withdraw or refuse trading approval is final and binding, and the relevant person who is refused approval must keep that information confidential and not disclose it to any other person.</p> <p>The Board, Chairman or Company Secretary may seek appropriate legal advice to ensure the proper provision or otherwise of a clearance under Rule 3, and the cost of such advice shall be borne by GDC.</p> <p>All trading transactions will be reported to the Board by the Company Secretary in the usual Board reporting format.</p> <p>Notification of dealing</p> <p>In order to facilitate GDC's compliance with its disclosure and reporting requirements, each Director must notify the Company Secretary as soon as practicable after any trading in GDC Securities occurs, and in any case no more than two days afterwards.</p> <p>The notification must be in the form set out in Annexure 2 and include:</p> <ul style="list-style-type: none">a) the name of the Director;b) whether the interest in the securities held by the Director was direct or indirect (and if it was indirect, the circumstances giving rise to the interest);c) the date of the trading and the number of securities bought or sold;d) the amount paid or received for the securities; ande) the number of securities held by the Director, directly and indirectly, before and after the trading in securities. <p>The Company Secretary is to maintain a register of notifications and acknowledgements given in relation to Directors' trading in GDC's securities. The Company Secretary must report all notifications of dealings in GDC's securities to the next Board meeting of GDC. Directors are reminded that it is their obligation to notify the ASX within 5 days and ASIC within 14 days of any change in a Director's interest. Trading in GDC's securities during Blackout Periods will be specifically highlighted in the Appendix 3Y lodged with the ASX.</p>
<p>Rule 4. Additional restriction - short term trading</p>	<p>GDC wishes to encourage Group Employees to adopt a long term attitude to investment in GDC's securities. It is also important that trading in GDC's securities by GDC's management does not send a negative message to the market about a lack of confidence in GDC's securities, a lack of loyalty of GDC's management or is conducted in a way which may suggest that a trade was motivated by inside information.</p> <p>Group Employees may not engage in short term trading in ASX Schemes' Securities i.e. acquiring Securities and disposing of them within 3 months or less from the date of acquisition (other than under the qualifying exceptions under Rule 1). Where a Security is held for a period shorter</p>

	<p>than 3 months, in the absence of other circumstances GDC is likely to consider the trade of the Security short term or speculative.</p> <p>Group Employees are also not permitted to enter into non-discretionary trading plans which could trigger either discretionary or non-discretionary trading whilst in the possession of inside information or during a designated Blackout Period, except with prior approval as set out above.</p>
Rule 5. Prohibition on Hedging, Selling Short and Derivatives	<p>Group Employees are prohibited from entering into an arrangement (including short selling GDC's Securities or dealing in Derivatives) that would have the effect of limiting their exposure to risk in relation to vested or unvested ASX Schemes' Securities.</p> <p>The Policy covers trading not only in GDC's securities (including shares, debentures, notes, or options or warrants over unissued shares) but also in other rights and derivative products such as any renounceable or non-renounceable right to subscribe for a share or debenture or any warrant, exchange traded or over-the-counter option and any contract for difference issued in relation to GDC's securities.</p>
Rule 6. Margin Lending	<p>Group Employees must not enter into a margin lending arrangement or any other form of financing arrangement secured against GDC's Securities.</p>

- trading under a non-discretionary trading plan for which prior written clearance has been provided in accordance with procedures set out in the trading policy and where: the Group Employee did not enter into the plan or amend the plan during a Blackout Period; and the trading plan does not permit the Group Employee to exercise any influence or discretion over how, when, or whether to trade.
